Subject: AR Aspergillus MMWR embargoed til thurs 1pm
Attachments: MDR A. fumigatus FINAL PROOF.docx

Hi Susan,

Replying to your note from earlier today... here is a recent proof of the article, that will come out Friday in MMWR. Please keep in mind that the article is embargoed until Thursday 1pm eastern so thanks for keeping to internal use.

Glad to talk more about the article and looking forward to working with you going forward as well! I am on international TDY so may not be quick to respond through Thursday COB but will keep an eye out.

Thanks,
Karlyn
